Overview: The great building plot in Elviria and the area of Greenlife Golf (comprising two plots and sold together), 2.200 m² total with 0,20% coefficient of a buildable surface excluding the basement, suitable for a 440 m² indoor surface villa, is offering great coastal views towards Marbella to the west. A good project would allow sea views to South West due its elevated position within a really lovely, peaceful and secure area. The plot is situated only 2.0 Km north from the N340 and all Elviria's amenities, and 2.5 Km from the beach.
