The property is divided into a large warehouse area with 140m2 with entrance from the street and with great height. And a first floor with a second entrance with another 185m2, which is currently an office with 10 desks, independent office with meeting area, kitchen-office, bathroom and storage area. Both areas can be communicated with a lift (currently it does not have one). The premises has a lot of exterior light with several windows to the street. Excellent investment in an area of continuous expansion.
