Overview: Magnificent Penthouse for sale in one of the best new residences in Estepona which has just been completed this year (2022). It is composed of 2 bedrooms and 2 bathrooms, one of which is en suite. The master bedroom is en suite with a walk-in shower and has a walking closet, A large living room and dining room, a semi open kitchen, which can also be a separate kitchen thanks to 2 sliding doors closing the kitchen. Can very easily be transformed into a completely open kitchen. At least you have the option of choosing what you prefer. The kitchen is fully equipped, all household electrical appliances are Bosch: Large fridge and freezer, an oven, a microwave oven, a dishwasher, a ceramic hob and its hood, everything is Bosch. It also has a lot of storage, very functional. There is a separate and fairly large laundry room where the washing machine is also located, also from Bosch. This apartment was built with high quality materials and good finishes. Its location is impeccable, it is 900 M from the port of Estepona, 10 min on foot and also 10 min from the old town, its restaurants, shops, the beach and its chiringuitos It is in fact next to everything you need and want. But once you are home, you are calm. And that is also very important. Take advantage of all the advantages that a city brings you BUT without its inconveniences of noise and parking thanks to its private underground car park. Its own location in relation to the residence is just fantastic and allows it to have an open panoramic view of the sea and the city of Estepona. : It is just magnificent and its view will always remain the same as the current one. It is therefore sold with 1 garage space and a private cellar. !!!!!Do not miss !!!!
